## WITH REPUBLICANS IN FOURTH DISTRICT

The Fourth District Committee of the Republican party met in head quarters yesterday afternoon for the purpose of further considering the matter of the nomination of a candidate to run in accordance with the recent special election proclamation of Governor Hale and to fill two vacancies on the committee. The meeting was called to order at about 3:45 o'clock. The roll call showed sixteen present. The matter of filling vacancies on the committee was the first business brought up before the meeting. Senator Crable moved that the vacancy in the Fourth Precinct be left until the next meeting. In explanation of this Senator Crable said that it was the desire of the labor men to have the Fourth District Committee postpone action until after next Friday, as it was on that day the general meeting was to be held and the course of action decided on. There was no objection to this motion and it carried unanimously.

Previous to the calling to order of the meeting, J. H. Fisher stated that the secretary had looked up his name in the record book and had found that he was not a member of the Fourth District Committee. Directly after the passage of the Crable motion, Mr. Fisher made an attempt to say something, but before he knew what had happened his name had been placed before the committee as a man to fill the place left vacant by the death of Archibald Gilliland, the nominations had been closed and he had been made a member of the committee.

Mr. Fisher, chairman of the pulse-feeling committee, reported that the committee had made as thorough a canvass as possible of the Fourth District and had found that the large majority of the business community were against the naming of a candidate. The mechanics, on the other hand, were not opposed to the nomination of a candidate, the natives were of the same opinion as the mechanics.

Andrew Brown, one of the members of the committee, stated that he had seen a large number of natives. They wanted a man put up and they had promised their support. Mr. McVeigh said that the First Precinct was almost unanimously in favor of putting up a man.

Dr. Burgess said that he had seen forty business men of the city and that with the exception of two they had been unqualifiedly against the putting up of a candidate. During the morning he had seen C. J. Jones and B. F. Dilligam and these men had also said that there was no use in putting up a man.

Mr. Boyd asked a question as to what the business men had said about money to carry on the election and what part they would take in it. Dr. Burgess answered that some had stated to him that not a cent would they put up for the election. Furthermore, they would not insist on their clerks going to the polls nor would they make any special effort themselves to go to the polls.

Mr. Boyd: "Then they think that they can carry the fall election without making a fight for this special election?"

Dr. Burgess: "Yes; that's what they think."

On motion of L. H. Wolf the report of the committee was accepted and placed on record.

Senator Crable said that no one knew what was going to happen. For anyone knew, the whole government might be overthrown. There was a possibility of a special election yet. Furthermore, if the Republicans gave the election to the Home Rulers without a struggle, the natives by this one additional vote would have a two-thirds vote in the Legislature and then it would be all up with the power of the Republican party in the Legislature. The Home Rulers should not be given this loophole.

Mr. Andrews was against the putting up of a candidate. Wilson suggested an arrangement between the three parties represented in Hawaii, by which no one would put up a candidate.

On motion of Mr. Andrews, a committee of three consisting of A. V. Gear, J. J. McVeigh and Lorrin Andrews was appointed to make investigations and report at the next meeting of the committee as to whether they had decided to recommend the putting up of a candidate or not. In the former case, the committee is to report the name of a candidate to the committee.

On motion of Mr. Boyd, the platform of the party was reconsidered for the purpose of further amendment with reference to the disfranchisement of the natives. After much discussion it was finally agreed to reiterate the following plank in the platform of the Republican party:

"We believe in the equality of all men under the law, and we oppose any restriction or limitation of the suffrage which we now enjoy under the Territorial Act."

At 4:35 o'clock, the meeting adjourned to the call of the chair.

Neapass—Hardly. Why, she is so homely that automobile goggles are actually becoming to her.

## ALBION FOR HAWAII

San Francisco, Feb. 26.—The steamer Albion has been purchased by Rudolph Spreckels for a sum, said to be \$24,000, and will be sent to the Hawaiian Islands. As the Albion is fitted with a complete and rather extensive cold storage plant, she is considered especially suitable for the island trade. A few weeks ago the Albion was purchased from the Kimball Steamship Company by Mark L. Davis, representing the International Commercial and Trading Company, and was intended for the inter-island trade in the Philippines, where Government contracts were in prospect. An apparent lack of funds, however, prevented a consummation of the deal, and the vessel has lain idle at Mission street wharf, in charge of Captain Yarnberg. Yesterday the United States Marshal took possession of the Albion in behalf of the Johnson-Locke Mercantile Company, to whom a bill of \$1200 for coal is due. Interventions were filed later by H. Levy & Co. for \$223.75, and by Bilo, Newman & Ikenberg for \$78 yesterday in the libel suit of the Johnson-Locke Mercantile Company against the steamer. H. Levy & Co. allege non-fulfillment of a contract to transport certain merchandise from San Francisco to Manila, the steamer being tied up by the Mercantile Company's libel for coal furnished. The smaller amount was for provisions furnished to the steamer.

## SOLAGE TAKES A ROLL

San Francisco, Feb. 25.—According to a scientific instrument on board, the Navy hospital transport Solage rolled to an angle of 45 degrees during her trip from Honolulu to this port. Part of the time the main deck rail was under water, and all hands had an uncomfortable time of it. The instrument did not record what the angle would have been had the Solage not been provided with bilge keels. Leaving here October 21st last with a Mr. Robley D. Evans and other members of the court of inquiry on board for Pago Pago to try Commander Tilley, the Solage called at Honolulu and went thence to Pago Pago, subsequently returning to Honolulu and continuing her trip to Guam and Manila.

## TO HONGKONG VIA MANILA.

San Francisco, Feb. 25.—Early yesterday morning the Pacific Mail steamer Peru arrived from Chinese and Japanese ports and Honolulu. The Peru will sail again on March 5 for the Orient, and will call at Manila en route to Hongkong, being the first steamer under the new arrangement between the Pacific Mail, Occidental and Oriental and Toyo Kisen Kaisha to include Manila in her itinerary.

## LAYOVERS FOR HONOLULU.

## Makes a Slow Trip.

San Francisco, Feb. 25.—The transport Rosecrans, bringing the third battalion of the 224 Infantry from Nagasaki, arrived in the harbor at 10:30 o'clock last night. The vessel has been due for at least three days past. Tomorrow the Hancock, also bringing men of the 224 Regiment, will be due. The transport Sheridan left Nagasaki Sunday for this port and will be due in about seventeen days.

## Meade Reaches Golden Gate.

San Francisco, Feb. 18.—The decision of Captain Wilson of the transport Meade to put into Honolulu for a supply of better coal than the troops ship was supplied with at Nagasaki caused the delay in the vessel's arrival. Yesterday afternoon the Meade came into port, thirty-two days from Manila, twenty-five days from Nagasaki and eight days from Honolulu.
